# THE NINETY-FOURTH ANNUAL REPORT OF THE BOARD OF MANAGEMENT (for the year 1945)

THOUGH this report deals with the work of the Hospital in 1945 it must be sadly prefaced by recording the death, on April 10th, 1946, of Lord Southwood, who joined the Board and was elected Chairman in January, 1939, when the hospital was heavily in debt. During the all too few years of his chairmanship a crushing adverse balance was converted into a credit balance fully sufficient to relieve us of anxiety over the coming costs of completing the rebuilding. When we consider that the whole of those years were war or near-war years, it was indeed a staggering feat, and yet the great benefits which Lord Southwood rendered to the Hospital on the financial side were not the only (perhaps not even the greatest) service for which we are his debtors. He gave the Hospital unsparingly of his time, his great ability, his experience, and his wisdom; and he gave to and inspired in everyone connected with the Hospital a deep and lasting affection. His memory is in benediction. May he rest in peace. The Board are considering plans for an adequate and permanent memorial of him.

After Lord Southwood's lamented death my colleagues asked me to carry on as acting-chairman for the time being. Conscious as I am of my own limitations for such a responsible office, I felt it my duty to accept their invitation, and it is in that capacity that I render to the Governors this account of our stewardship. I can only promise the Governors now, as I promised my colleagues at the time, that I will do my best in the interests of the Hospital and our patients.

The Board have lost through resignation three of their colleagues, namely:—

Lady Robertson (in 1945)

Lord Claud Hamilton (in 1946)

Mr. Eric H. Savill (in 1946)

I wish to take this opportunity of expressing to them our sincere thanks for their services to the Hospital. I am glad to report that Lady Robertson has been appointed one of the Vice-Presidents of the Hospital and that Mr. Savill has generously consented to continue to put his great experience as a surveyor at the disposal of the Hospital in a consultative capacity when required.

A number of changes have taken place on the Medical Staff. Dr. Robert S. Frew and Dr. E. A. Cockayne on reaching the age of retirement have been elected to the staff of Consultants. Dr. Frew continued beyond the normal date of his retirement to hold office as Medical Officer in charge of the Emergency Medical Services here, and during such time was granted the title of Physician Extraordinary. The Board recall with appreciation the services which both Doctors have rendered for many years as Physicians to the Hospital and they similarly acknowledge with gratitude the services of Mr. H. C. Apperly, the Visiting Dental Surgeon, who on retirement was also elected to the Consulting Staff.

The following appointments to the Staff have been made during the year:—

## RESIDENT AND NON-RESIDENT SALARIED APPOINTMENTS

Resident Assistant Physician—Donald Cruikshank, Esq., M.A., M.B., Ch.B.

Resident Surgical Officer—Ian P. Todd, Esq., M.D.

Surgical Registrar—Kenneth A. Ross, Esq., M.B., Ch.B.

Resident Anæsthetic Registrar.—Miss Gwenda M. Lewis, B.Sc., M.B., B.Ch.

Senior Medical Officers, Out-patient Department.—

A. D. Barlow, Esq., M.B., B.Ch., M.R.C.P., D.C.H.

C. Elgood, Esq., M.B., B.Ch., F.R.C.P.

F. L. King-Lewis, Esq., M.R.C.S., D.C.H.

Miss M. Middleton, M.B., B.S.

Miss A. C. Brown, M.B., Ch.B., D.C.H.

Medical Registrar.—R. J. Pugh, Esq., M.B., B.Ch.

House Surgeons.—Irvine Smith, Esq., M.A., M.R.C.S., L.R.C.P.

M. F. Hunt, Esq., M.R.C.S., L.R.C.P.

House Physicians.—R. J. Pugh, Esq., M.B., B.Ch.

G. Hildick Smith, Esq., M.B., B.Ch.

D. W. Burnford, Esq., M.A., M.B., B.Ch.

Hugh Durrell, Esq., M.B., B.S.

R. Meyer, Esq., M.B., B.Ch., M.R.C.P.

Tadworth Court:—

Resident Medical Officer.—Miss W. M. Markham, M.R.C.S., L.R.C.P.

Assistant Resident Medical Officers.—

Miss Sheila Grew, M.R.C.S., L.R.C.P.

Miss M. Lowe, M.R.C.S., L.R.C.P.

The Board place on record their deep appreciation of the services rendered by the following Consultants, who have given so generously of their time and service while the Out-patient Department has been so short handed owing to absence on war service of our regular staff:—

A. Doyne Bell, Esq., M.A., D.M.

C. K. J. Hamilton, Esq., M.C., B.A., F.R.C.P.

A. G. Maitland-Jones, Esq., O.B.E., M.C., M.D., F.R.C.P.

T. Pearse-Williams, Esq., M.D., F.R.C.P.

One of Lord Southwood's last acts as Chairman was to recommend to the Board a change in our administration which the Board approved. Mr. Rutherford, so well known to the Governors for many years as Secretary, has been appointed House Governor, and Mr. Winwood, who was with us before the war, and has now returned from war service, has been appointed Acting-Secretary for a probationary period. The Board are closely watching this new arrangement, which will, we think, lead to increased efficiency. The Secretary of a great hospital like this tends to become chained to his desk and telephone. Mr. Rutherford, when relieved of routine work, will have more time to get about the Hospital and attend to general supervision. The Governors will well appreciate that with this Hospital and Tadworth he is and will continue to be fully occupied.

The Board are glad to report that 190 beds at Great Ormond Street are now open and by the time this report is in the hands of the Governors it is hoped that the number will exceed 200. Until the further stages of the Hospital's rebuilding programme are able to be carried out it is doubtful whether in view of the many factors involved it will be possible to open more than 250 of the total of 326 beds accommodated in the hospital block.

Part of the Nursing Staff is still at the Base Hospital at Hemel Hempstead where the Hospital still maintains a children's unit of over 100 beds. It is anticipated that this will be maintained throughout 1946, indeed it would be difficult for the Hospital to discharge its responsibilities to the children were these facilities to be withdrawn sooner. The fact that the Board are maintaining in the three establishments rather more beds for children than were available before the war means that the number of patients admitted is increasing, but the waiting list is increasing even more quickly; for some of these children there is little prospect that the treatment for them will be available, certainly not without considerable delay.

I regret to say that, despite every endeavour on our part, we are still refused Government permission to continue our rebuilding programme. While the Board appreciate and sympathise with the difficulties of His Majesty's Government in matters of housing, I venture to suggest that it is a false economy to deny this Hospital the comparatively small amount of labour and materials necessary to enable us to complete at all events the next stage of our rebuilding. Until that can be done we shall continue to be hampered in our work at every turn through lack of space. Of the out-patient department, in particular, with its ever growing volume of work, is this true, and temporary arrangements, which it was realised would, even for a period of transition, be highly inconvenient, have had to be endured for all these years without hope of immediate relief. The Board can only record their high appreciation of the patience and forbearance of the medical, nursing and administrative staffs working under these trying conditions.

A further major difficulty caused by the interruption of our building programme is the shortage of accommodation for domestic staff. To ease this position, and for other purposes the Board are endeavouring to secure suitable accommodation in the neighbourhood.

The problem of staffing the Hospital presents difficulties at the present time. Fortunately there is no shortage of suitable recruits to the Nursing Staff, but the domestic situation is really acute as there is not only a great shortage both of resident maids and part-time helpers, but the lack of accommodation, to which I have already referred, makes the position even more difficult. Many of the Hospital's other employees are returning from the Forces, and in some departments staff problems are definitely easier.

As a wartime expedient a small convalescent home was set up at the Manor House, Abbots Langley, a property placed at the Hospital's disposal by the Ministry of Health. The decision to close this was made in the latter part of 1945 and the last patients left there in January this year. This house played a very useful part in meeting the Hospital's responsibilities, and we are grateful for having had the use of it for so long.

The Accounts for the year are set out in detail later in the report. The rising curve of expenditure causes the Board anxiety, and is always under close scrutiny. If, however, this Hospital is to continue to fill its place as the leading children's hospital, I can hold out no hopes of any reduction. Added to the rise

in the cost of living generally, which affects the Hospital in common with everyone else, the use of Tadworth for more acute cases than formerly, to ease the pressure on the beds in Great Ormond Street, has added, and will continue to add to the expenses of running that establishment, and every advance in medical science, involving often expensive equipment and increased staff to handle it, adds to running costs. It is, therefore, a great satisfaction to the Board, and the Governors will be glad to see from the Accounts now submitted, that it has been possible to meet almost entirely current expenditure out of ordinary current income, and to place a further substantial sum to Suspense Account, which, though available for any purposes of the Hospital, we wish to retain in as fluid a state as possible pending completion of the building programme.

There has been one very far reaching development during the year just completed. As a result of long negotiation and after much discussion, the Institute of Child Health has been brought into being in conjunction with the University of London. In great measure this has been made possible by the munificence of Lord Nuffield through the Nuffield Trust, who have promised by instalments a sum of £100,000, which it is hoped will be sufficient to endow for all time the salary of the Professor. The Institute on its establishment received the recognition of the University of London and is now a Central Activity of the University. From a number of applicants answering a widely circulated advertisement, the Academic Board of the University of London chose Dr. Alan A. Moncrieff as the first Professor in Child Health. Dr. W. G. Wyllie has been appointed the first Dean of the Institute. These appointments gave the Board and all connected with the Hospital much pleasure, since Dr. Moncrieff is a member of the Visiting Medical Staff of the Hospital, which he has served in various capacities and with distinction for many years and Dr. Wyllie is Dean of the Hospital's Medical School. Whilst the Institute is part of the University, it is centred at this Hospital, in which building the administrative unit is accommodated. Having regard to the importance of this Hospital's activities in the future in the field of preventive as well as curative medicine it is singularly fortunate that an Institute of Child Health has been brought into such close relationship with the Hospital. We extend to the Institute, Professor Moncrieff and Dr. Wyllie our cordial good wishes for a useful and successful future, to which we look forward with confidence.

Details of the National Health Service Bill have at the time of writing this report been widely circularised and debated throughout the country, in the Hospitals and by Associations and individuals, who in one way or another are likely to be affected by the scheme. The Board are issuing with this report a separate memorandum on this subject, in which will be found a statement of the attitude which the Board have taken up.

The Board's thanks are due to all members of the Staff who have served them most loyally throughout the year. In the word "Staff" are included the Physicians and Surgeons, Nurses, Administrative Staff, Clerks, Maids, Porters and others, apart from the large body of voluntary workers without whose services it would be difficult to maintain effectively and efficiently a concern of such complexity as this Hospital. In particular the Board wish to refer to the work of the Holborn Branch of the British Red Cross Society, who throughout the war years maintained a canteen service for the children and their parents, which, under the guidance of Miss Bigge, the Ladies Association have since taken over and are running enthusiastically and successfully.

The Board are glad to report that the Ladies Association has, under the Chairmanship of The Hon. Mrs. Lyell, resumed its meetings and many beneficial activities suspended during the war. It is with much regret they record the resignation of Miss Joan Lucas, who has been Hon. Treasurer of the Ladies Association since 1921 and Hon. Treasurer of the "Peter Pan" League since its inception. Miss Lucas has rendered valuable services, which are here recorded with very much appreciation.

The Working Guild have continued their splendid services in providing the Hospital with countless woollen garments. The Board's thanks are tendered to Lady Helen Murray, Chairman of the Guild, and, through her, to all those who help her. To Mrs. Ernest Ward and to her workers too we again this year record our gratitude for the gift of many woollen garments.

The Board regret that in 1945 the death occurred of Lady Hope, who for many years was Chairman of the Ladies Association, during which time she served also actively as a member of the Board of Management.

In the present time of change and uncertainty it is impossible to forecast the future, but, whatever befalls, I am confident that this Hospital will continue to play a leading part in the health service of London and the Country, worthy of its historic past.

THOMAS H. BISCHOFF,  
*Acting Chairman.*

# STATISTICAL TABLES

Statistics for the Year ended 31st December, 1945, compared with those for the previous year.

## I.—IN-PATIENTS.

### NUMBER OF BEDS AND IN-PATIENTS

	The Hospital for Sick Children, Great Ormond Street.		Tadworth Court Recovery Branch Hospital (including Zachary Merton Pavilion).	
	Numbers in 1945.	Numbers in 1944.	Numbers in 1945.	Numbers in 1944.
1. Beds:

We have examined the above Balance Sheet and the annexed Income and Expenditure Accounts dated 31st December, 1945, and we have obtained all the information and explanations we have required. To the best of our knowledge and belief, the Regulations of the Revised Uniform System of Hospital Accounts as modified by the instructions of King Edward's Hospital Fund relating to the treatment of Free Legacies dated December, 1940, and to the treatment of Reserve for Repairs and Renewals dated 23rd March, 1943, have been followed.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hospital's affairs according to the best of our information and the explanations given to us and as shown by the books of the Hospital.

PRIDEAUX, FRERE, BROWN & CO.  
Chartered Accountants.
